

## **Global Patient Organization and Advocacy Disclosure 2015, third edition publication Friday 30 September 2016**

Teva Pharmaceutical Industries Ltd. (NYSE and TASE: TEVA) is a leading global pharmaceutical company that delivers high-quality, patient-centric healthcare solutions used by millions of patients every day. Headquartered in Israel, Teva is the world's largest generic medicines producer, leveraging its portfolio of more than 1,000 molecules to produce a wide range of generic products in nearly every therapeutic area. In specialty medicines, Teva has a world-leading position in innovative treatments for disorders of the central nervous system, including pain, as well as a strong portfolio of respiratory products. Teva integrates its generics and specialty capabilities in its global research and development division to create new ways of addressing unmet patient needs by combining drug development capabilities with devices, services and technologies. Teva's net revenues in 2015 amounted to \$19.7 billion. For more information, visit [www.tevapharm.com](http://www.tevapharm.com).

Teva works with many organizations that advocate for patients around the world. Patient organizations and advocacy groups represent the needs of people living with medical conditions and provide healthcare companies with important advice from their own perspectives. Interacting with patient organizations enables Teva to understand the many ways health impacts life, inspires us to discover new possibilities in the development of new medicines and more.

In all of our interactions, Teva is committed to working in an ethical and transparent manner. When working together with patient advocates and groups, our behavior is characterized by the spirit of partnership, mutual respect and trust, openness and transparency, with an overarching commitment to bring benefits to patients and their families in a sustainable fashion.

Teva endorses the Medicines for Europe (formally the European Generics Medicines and Biosimilar Association) code of conduct which provides standards for the relationships the Pharmaceutical Industry and Patient Organizations. In accordance with this code, Teva will annually disclose its relationships with patient organizations <http://www.medicinesforeurope.com/wp-content/uploads/2016/03/CodeofConduct.pdf>.

Recognizing the importance of transparency and its role in developing trust-based relationships with stakeholders, the public and, more importantly, patients, Teva fully complies with all legal and statutory requirements regarding the disclosure of patient group support as a minimum standard in any country.

Two previous iterations of disclosure have been published by Teva in March and June 2016.

This third iteration of disclosure has incorporated further markets in which Teva operates. This disclosure report of financial relationships between Teva and Patient Organizations is organized as follows: Europe March 2016, voluntary disclosure Israel June 2016, Argentina, Australia, Brazil, Chile, Dutch Antilles, India, Japan, Mexico, Peru, Russia, South Korea, Turkey, Uruguay, and Venezuela September 2016, with a further aspiration towards global disclosure in 2017.
