

#### Global Patient Organization and Advocacy Disclosure 2017.

Teva works with many organizations that advocate for patients around the world. Patient organizations and advocacy groups represent the needs of people living with medical conditions and provide healthcare companies with important advice from their own perspectives. Interacting with patient organizations enables Teva to understand the many ways health impacts life, inspires us to discover new possibilities in the development of new medicines and more.

In all of our interactions, Teva is committed to working in an ethical and transparent manner. When working together with patient advocates and groups, our behavior is characterized by the spirit of partnership, mutual respect and trust, openness and transparency, with an overarching commitment to bring benefits to patients and their families in a sustainable fashion.

Teva endorses the European Federation of Pharmaceutical Industries and Associations (EFPIA) and Medicines for Europe (formally the European Generics Medicines and Biosimilar Association) codes of conduct which provides standards for the relationships the Pharmaceutical Industry and Patient Organizations. In accordance with this code, Teva will annually disclose its relationships with patient organizations in Europe and fully complies with all legal and statutory requirements regarding the disclosure of patient group support as a minimum standard in any country. Recognizing the importance of transparency and its role in developing trust-based relationships with stakeholders, the public and, more importantly, patients, Teva voluntarily discloses across **63** countries as part of its goal towards global transparency.

Of the **63** countries, Teva Pharmaceutical Industries Ltd confirms that the following **31** countries did not undertake any patient organization interactions during 2017: Albania, Argentina, Bulgaria, Chile, China, Cyprus, Dutch Antilles, Hungary, Hong Kong, Iceland, India, Indonesia, Japan, Kazakhstan, Kosovo, Liechtenstein, Luxembourg, Malaysia, Macedonia, Malta, Monaco, Montenegro, New Zealand, Portugal, Uruguay, Thailand, Turkey, Singapore, Sweden, Venezuela, Vietnam. The disclosure for Israel is made publically and incorporated within the social impact report.

Teva Pharmaceutical Industries Ltd. (NYSE and TASE: TEVA) is a leading global pharmaceutical company that delivers high-quality, patient-centric healthcare solutions used by millions of patients every day. Headquartered in Israel, Teva is the world's largest generic medicines producer, leveraging its portfolio of more than 1,800 molecules to produce a wide range of generic products in nearly every therapeutic area. In specialty medicines, Teva has a world-leading position in innovative treatments for disorders of the central nervous system, including pain, as well as a strong portfolio of respiratory products. Teva integrates its generics and specialty capabilities in its global research and development division to create new ways of addressing unmet patient needs by combining drug development capabilities with devices, services and technologies. Teva's net revenues in 2015 were \$19.7 billion. For more information, visit [www.tevapharm.com](http://www.tevapharm.com)

Groups listed below may have received one or more grants and/or charitable donations during the time period. Activities which are excluded from this list relate to financial assistance programs or field activities

Multiple Sclerosis Society of Canada	Asthma Society of Canada	Association Pulmonaire du Quebec	The Lung Association
Leukemia & Lymphoma Society of Canada			

### **Global & European Patient Advisory Boards**

In January and March 2017, Teva hosted two Advisory Board meetings focused on the topic of Migraine. From Europe, Teva was joined by the **European Headache Alliance**. From the USA, Teva was joined by the **US Pain Foundation, For Grace, the International Alliance of Caregiving Organizations (IACO) and Melinda Kavanaugh from the Helen Balder School of Social Welfare**.

In March and September 2017 Teva hosted two Improving Health Global Patient Advocacy Dialogue meetings in Amsterdam. The primary and ongoing purpose of the Improving Health, Global Patient Advocacy Dialogue initiative is to build strategic relationships with the patient community and their trust in Teva, by enabling the patient voice to be heard within the business decision making process. Through these strengthened relationships with patient organizations, we will be able to better understand the many ways health and illness impact people's lives, and to work collaboratively to deliver solutions that will enable them to have greater control over their health. From Europe, Teva was joined by the **European Headache Alliance, the MS International Federation, the European Huntington's Association, A Sister's Hope and the International Diabetes Federation**. From the USA, Teva was joined by the **US Pain Foundation, Katie Golden, the Men's Health Network, For Grace, the International Alliance of Caregiving Organizations (IACO) and Melinda Kavanaugh from the Helen Balder School of Social Welfare**.

For all advisory boards listed above, the participants were offered a daily honoraria which was accepted or declined in accordance with their organizational statutes. Additionally, Teva paid for accommodation and expenses to participate within the meeting
