

# 2016 Social Impact Report

Our mission is to improve the health and well-being of people across the globe, at every stage of life. Here are a few of the actions we took in 2016 to help make our world better and healthier. Through these efforts, we believe we can enhance our communities, protect our environment, and ultimately, enable our patients to live better days. Learn more in our full [2016 Social Impact Report](#).

## Access, affordability & collaboration
