

# Our Impact in 2018

Teva's mission is to **be a global leader in generics and biopharmaceuticals, improving the lives of patients**. As a company in the business of health, we aim to make a positive social impact and do our part to create a healthier world.

We do this by **contributing to healthy communities**, which means promoting global health and increasing access to medicines and treatments for patients, and by **leading a responsible business**, including fostering a culture of compliance, ethics and transparency.

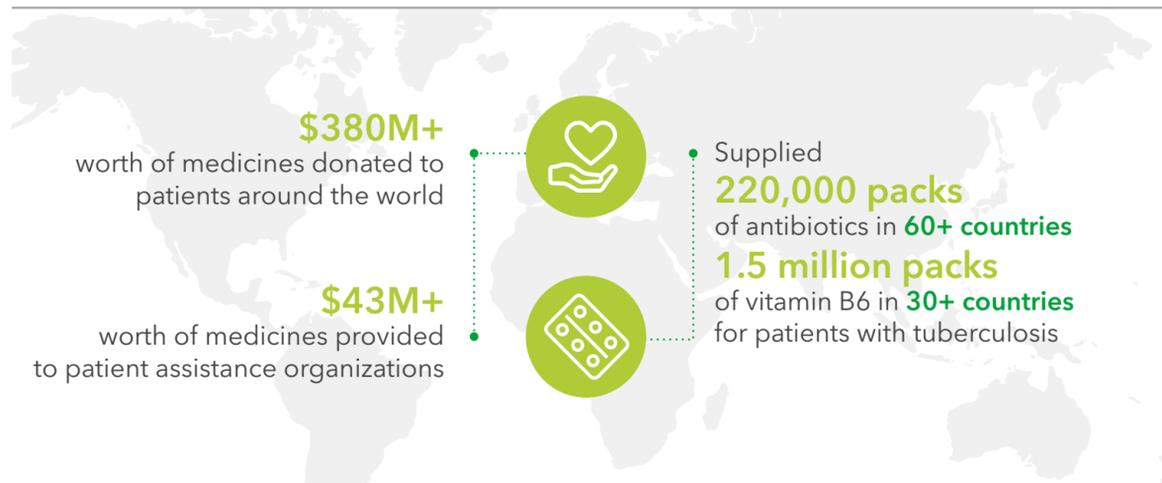

## Contributing to Healthy Communities

**900+** generic medicine approvals  
**35** approvals for specialty medicines in therapeutic focus areas

**2 oncology biosimilars** approved by US Food and Drug Administration (FDA) and announced by Celltrion and Teva for certain indications—the 15<sup>th</sup> and 16<sup>th</sup> FDA-approved biosimilars in the US

Launched Life Effects, a digital hub for patients, in the EU and US, with **500,000+ visits** in the first 7 months

**400+ thought leaders convened** at multi-sectoral events to discuss the impact of, and solutions for, multiple chronic conditions

**111 peer-reviewed articles published** on drugs to treat oncology and neurological, respiratory and pain conditions and innovative public and patient-centric health

## Leading a Responsible Business

**A- score** from CDP, an environmental disclosure non-profit, for progress to address climate change

**16,500+ employees** trained on **10** ethical behavior topics, with a **98%** training completion rate

### Environmental sustainability progress

**23% reduction** in greenhouse gas emissions since 2012

**52% of waste recycled**, **30%** more than in 2017

**Less than 6%** of waste sent to landfill

Teva's Global Environment Health and Safety Management System (EHSMS) **implemented across more than 80% of markets**

Significant reduction in reportable environmental incidents (spills and releases)—**44 vs. 206** in 2017

Established **comprehensive global privacy program** and implemented global privacy standards

**EcoVadis Silver Medal** (top 16% of pharmaceutical companies) for responsible conduct in environment, labor and human rights practices, ethics and sustainable procurement

**Risk mitigation framework** established in **EcoVadis platform** and high-risk suppliers' corrective actions tracked

### Best recorded safety management performance to date

**13% reduction** in total recordable injury rate

**10% improvement** in lost time injury rate

**43% improvement** in total lost workdays
